¹When Korbett, Landen, Wentworth, or Winstead is ordered with a painted finish, the center door panel will be constructed of Medium Density Fiberboard (MDF). MDF provides a smoother finish when painted and is more resistant to warping, expansion and contraction. Paints are not available on Grayson or Radford.

²Glazes are not available on Korbett, Teagan, or Winstead.

Since no two trees are alike in grain or texture, “nature’s fingerprint” is never the same in two pieces of wood; variations in color and grain are natural characteristics. Cabinets are stained to obtain as consistent a tone as possible, while preserving the interest and charm of the wood. These grain patterns lend to the distinctive beauty of each cabinet.
